Running honey through filters

**Honey is silent!**

**Air bubbles on honey**

**Remove bubbles with cling film**

**Refractometer**

**Bottled honey**

**Comb cutter and cut comb container**

**Preparing cut comb**

A close-up photograph showing a person's hands using a metal tool to cut a piece of material. The material is held in a wooden frame with a perforated metal sheet. A piece of aluminum foil is placed under the material to catch any debris. The text "Cutting onto foil reduces mess." is overlaid on the image.

**Cutting onto foil  
reduces mess.**

**A quality food**

**The final product**
